Club Meeting:

April 13 at 6:30PM at the Radisson

We had 15 people at the meeting. You know we are an active club. We keep hearing we don't do anything, well, the last couple of years we couldn't, but now that we are starting back up Ann puts things together and people don't show up. We have 57 spots on our roster mostly couples which means we are over 100 strong so how about showing up to some of these things and the meetings?! We have a car show coming up and we need help. This is going to be the big one!
